

DEBTORS

Of President McKinley Were Many.

Special to the Leader.

Washington, D. C., Sept. 26.—Secretary Cortelyou will go to Canton within a few days to attend to some important matters in connection with the late President's estate. Mr. Cortelyou will practically be executor for Mrs. McKinley.

When Mr. Cortelyou succeeded John Addison Porter as the President's private secretary he was asked by President McKinley one day to write some checks for him, to which the President attached his own signature. This was the beginning of a participation in Mr. Cortelyou's private affairs which Mr. Cortelyou entered into very fully in a short time. He became the President's business manager, so far as his private affairs were concerned.

It became known to many of the President's personal friends some time ago, although not through any breach of faith on the part of Mr. Cortelyou, that Mr. McKinley's personal affairs were in a very bad shape. While his devotion to the business of the nation was such as to arouse the highest admiration his methods in transacting his personal business were very easy going.

These methods did not apply to his obligations to others, for he paid his bills promptly and when he died he had not a debt in the world. His debtors, however, were not always so careful, and until Mr. Cortelyou became his assistant many persons had owed Mr. McKinley for a long time without ever being disturbed by a request to pay.

An intimate personal friend of the President in Washington, who, while having no active part in the late President's affairs, was in a position to know, confirmed today that Mrs. McKinley's income would probably amount to \$13,000 a year. This statement assumes that congress will grant to Mrs. McKinley a pension of \$5000 a year, as it did in the case of President Garfield's widow.

SLIGHT

Cave at the Tunnel but Trains are Again Running.

There was a slight cave in at the M. C. & C. tunnel Thursday which caused about five hours' delay in trains. The cave-in was caused by the removal of some rocks in the arch moved for the purpose of making removed for the purpose of making repairs. When they were taken out a considerable quantity of dry crumbled earth poured through the opening. A work-train was quickly sent to the scene and had all the obstructions cleared away in time for the evening trains to pass through. All trains will run as usual today.

ANNUAL

Report of Woman's Christian Temperance Union.

The following is a brief report of the work of the organization, from September 1900 to September 1901:

Entire number of meetings held by, and under the auspices of Union two hundred. This number includes evangelistic services conducted by individuals at Mission and jail. Also Mother's meetings.

Memorial, Temperance, Christian Citizenship, Sabbath Observance, Social Purity, Hygienic, Parlor and Social and Physical Culture meetings held at the various churches, Auditorium, Infirmary, Fair and College Grounds. Also business meetings.

Two entertainments and twenty-two lectures. Two state workers were employed and one of National fame.

Four red letter days were observed. Number of petitions circulated, five. Number of new members, one hundred.

Present membership is over two hundred.

Number of pledge signers secured, over twenty-two hundred.

Amount received by dues and additional free will offerings about one hundred dollars, appropriated for local, county, state, national and world's work.

Amount raised outside of dues, four hundred dollars appropriated for various worthy objects, including expenses.

Supplies sent to hospitals and distributed to the needy, estimated one hundred dollars.

Amount on hand for Rescue Home, over one hundred dollars.

For special fund, also over one hundred dollars.

Literature distributed thousands

and thousands of pages in institutions public and other places in the city, which was always everywhere thankfully received.

Flower missions distributed, over five hundred bouquets to the sick, infirm, shut-ins and those in sorrow. Text-cards were attached to most of these. Their distribution called forth many expressions of joy and appreciation from the recipients.

The good accomplished by the evangelistic service held at jail and Mission can hardly be estimated.

Letters and testimonies bear witness of this fact. Prisoners and others have expressed their determination by God's help to begin a new life. In Christ they have truly become new creatures.

Active work has also been done in the following departments:

Anti-narcotics franchise, non-alcoholic medication, press, proportionate giving, scientific temperance instruction, Sabbath School work, unfettered wine at Communion Services, and membership contest.

The year has been a very successful one. To our Heavenly Father be all the glory. The organization begins the new year with gratitude for past mercies and blessings, hoping the new year may witness a greater and better work accomplished. The harvest truly is great. Pray ye therefore, the Lord of the harvest that He would send forth more laborers.

We desire to extend our thanks to all who have in any way assisted in making the year's work a success.

Respectfully submitted,

Recording Secretary of Union.

TESTIMONY

Adverse to Schley Still Being Heard By the Court.

By Associated Press.

Washington, Sept. 26.—The Schley Court of Inquiry was in session only an hour and three quarters today and adjourned at 11:45 in order to permit its members to attend the funeral of Judge Wilson, late Chief Counsel for Schley.

Captain Wise concluded his testimony. Admiral Cotton made a brief statement on his recall, and Lieut. Spencer S. Wood, who commanded the dispatch boat, Dupont, during the Spanish War, began his testimony. Machinist Gray who was in charge of the starboard engines on the day of the battle also testified briefly. He said that on the day of the battle the starboard engines were stopped and

the machinery reversed. Wise was questioned as to what he had done before the arrival of the Flying Squadron off Santiago towards locating Cervera's fleet in the harbor. He said that while he was satisfied himself of the presence of the Spanish fleet, he was content to communicate the knowledge to Schley through Captain Sigbee.

Lieut. Wood gave the particulars of his delivery of dispatches from Sampson to Schley on the 22nd of May, while the Admiral lay off Cienfuegos. He said that Schley was very nervous and especially anxious to know what Sampson's intentions were. He had not concluded his testimony when the court adjourned for the day.
